Please note that the level of Charges & Voluntary Contributions has been approved by the School Board.

EXPLANATORY NOTES:

Voluntary Contributions

All money collected through Voluntary Contributions is used in accordance with the schedule shown on the previous page. Monies are put directly into these accounts to *supplement* monies received through the student-centred funding model. These accounts are used to purchase equipment and resources to support student learning across the learning areas. The monies received through Voluntary Contributions are an important part of the school's income stream and contribute directly to benefit the learning of all students.

Charges

The amounts displayed in this section of this statement are maximum costs the High Wycombe Primary School will charge only and do not reflect necessarily the actual cost for parents. In the past the actual cost for individual items have come in at a lower cost than those shown, but due to increases could reach these amounts.

Financial Accountability

The school accounts for and reports all monies received and expended through the HWPS Finance Committee, the School Board and all appropriate Financial Management processes including Audits.

ENDORSEMENTS:

Sandra Devine - Board Chairperson
